

## American Idle Compound

### DRY ROLLER LUBRICANT

A conditioning and lubricating compound for printing rollers when the unit is not in use.

- Prevent deterioration caused by heat build-up
- Prevent roller deterioration caused by friction
- Prevent additional wash ups
- Prevent back cylinder marking

Packaged in one pound plastic tub

## CSC+ Systems Cleaner

Designed to completely clean, recondition and decalcify recirculation systems on all presses, preparing the system for fresh clean start up.

- Easily dissolves
- Contains BIOCIDES
- Leaves system clean and ready for start up
- Removes calcium, paper dust, mold, algae, ink and many other contaminants

Packaged two Sets of Step 1 & Step 2 per Carton  
Each Gallon Set treats up to 50 gallons of circulating tanks

## ITA

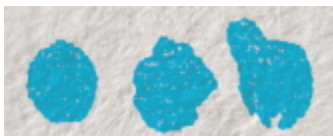

### INK TRANSFER AGENT

Ink conditioner for letterpress, sheetfed-web-offset inks and overprint varnishes.

Offset ink with ITA added!

See the difference ITA can make

Standard offset ink

Packaged in one pound plastic tub

*10 times more silicone than most aerosol silicone sprays!*

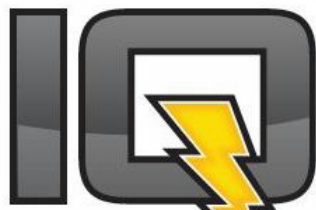

A concentrated liquid silicone engineered specifically for industry

## Sili Slip

**CAUTION RIDICULOUSLY SLIPPERY**

- Designed for use on all metal surfaces
- Great for guillotine cutting tables and knives
- Cleans as well as protects the surface
- Contains no water!
- Will not promote rust
- Simply spray on and wipe clean
- Use to prevent back cylinder ink piling

Packaged in non-aerosol pint bottle

## INTELLIGENT QUICK

An ink-drying additive that is fast, thorough and press-stable. *Much more than just SPEEDY*

IQ is a catalyst that can be added to most inks for faster, more predictable and thorough drying. When used on matte, non-porous or synthetic stocks, IQ may leave a durable, rub-resistant glossy image and should not change the color of the ink if used as instructed.

Packaged in 15-ounce flip-top bottle

### MULTI-PURPOSE CLEANER & DEGREASER

A concentrated cleaning compound engineered specifically for industry. Ideal in the pressroom for cleaning dried-on inks, coatings, grease and oil with the power of lemon.

- Cleans UV, oil, solvent and water-based inks
  - Cleans UV and Aqueous Coatings
  - Cleans fountain solution trays and reservoirs
  - Removes grease & oil throughout the pressroom
  - Cleans material from metal, painted surfaces, concrete and glass
- Available in quart, gallon and 5-Gallon sizes
