GOLD MIRACLE®

STARTER, CLEANER AND CONDITIONER FOR SILVER, AND LASER POLYESTER PLATES

Gold Miracle is an amazing product that cleans and conditions your plates so your printing looks better! It can be used with any silver-based plate, as well as laser plates such as Omega, Xante, Pronto, Hurst SmartPlate, Technova, and Kimoto E2 plates.

BENEFITS:

- ◆ Eliminates toning, scumming, scratches, and fingerprints
- ◆ Sharpens halftones and fine lines
- ◆ Can be used on analog, digital, polyester or paper plates
- ◆ Gives longer, cleaner runs
- ◆ Nonflammable and biodegradable

DIRECTIONS: Apply **Gold Miracle** with a cotton pad to the plate and rub lightly to remove light scratches, toning, and scumming. If fine lines or halftones thicken or fill in, stop the press and clean with **Gold Miracle**. Wipe plate with cotton pad moistened with fountain solution after applying **Gold Miracle**.
